- Many health insurance plans do not pay for the costs of emergency room visits or accidents until their deductible is satisfied.
- Your out-of-pocket expenses for an accident could be \$1000, \$2000, \$5000 or more!
- You can never plan for an accident, but you can plan to have protection in case of one.

## AccidentSHIELD will be there for you...

*You never know when an accident will happen, but when it does you should be prepared. Ensure your financial peace of mind for a fraction of the cost a single accident will demand. For those without coverage or with a high deductible plan, WBA is an affordable necessity you shouldn't be without. The potential savings it offers more than justifies the cost.*
