HISTORY OF THE TAX-BACK PROGRAM

Since 1994, The Texas Property Tax-Back Program has helped Texas homeowners, age 65 or older, defer their property taxes and have an opportunity to leave an enhanced financial legacy to their loved ones.

If you are a Texas homeowner, age 65 or older, you have a legal right to defer payment of your property taxes, without penalties, for as long as you own and occupy your home.

The Texas Property Tax-Back Program will demonstrate how you can possibly turn this often overlooked tax payer right granted under Sec. §33.06 of the Texas Property Tax Code into an enhanced legacy for the ones you love.

THE TEXAS PROPERTY TAX-BACK PROGRAM

"Your Freedom of Choice and Opportunity"

(d) A tax lien remains on the property and interest continues to accrue during the period collection of taxes is deferred or abated under this section. The annual interest rate during the deferral or abatement period is eight percent instead of the rate provided by Section 33.01. Interest and penalties that accrued or that were incurred or imposed under Section 33.01 or 33.07 before the date the individual files the deferral affidavit under Subsection (b) or the date the judgment abating the suit is entered, as applicable, are preserved. A penalty under Section 33.01 is not incurred during a deferral or abatement period. The additional penalty under Section 33.07 may be imposed and collected only if the taxes for which collection is deferred or abated remain delinquent on or after the 181st day after the date the deferral or abatement period expires. A plea of limitation, laches, or want of prosecution does not apply against the taxing unit because of deferral or abatement of collection as provided by this section.

(e) Each year the chief appraiser for each appraisal district shall publicize in a manner reasonably designed to notify all residents of the district or county of the provisions of this section and, specifically, the method by which eligible persons may obtain a deferral or abatement.

(f) Notwithstanding the other provisions of this section, if an individual who qualifies for a deferral or abatement of collection of taxes on property as provided by this section dies, the deferral or abatement continues in effect until the 181st day after the date the surviving spouse of the individual no longer owns and occupies the property as a residence homestead if:

- (1) the property was the residence homestead of the deceased spouse when the deceased spouse died;
- (2) the surviving spouse was 55 years of age or older when the deceased spouse died; and
- (3) the property was the residence homestead of the surviving spouse when the deceased spouse died.

(g) If the ownership interest of an individual entitled to a deferral under this section is a life estate, a lien for the deferred tax attaches to the estate of the life tenant, and not to the remainder interest, if the owner of the remainder is an institution of higher education that has not consented to the deferral. In this subsection, "institution of higher education" has the meaning assigned by Section 61.003, Education Code. This subsection does not apply to a deferral for which the individual entitled to the deferral filed the affidavit required by Subsection (b) before September 1, 2011.
